“ I miss you so much babysister..I think about you EVERY single day. Today you would have been 25 years old and Lord and heaven knows we would have been celebrating it together.. I watched home movies today just so I could hear your voice and ohhhh how good it felt to hear you say my name. My daughter is an image of you and every time I look at her I think of you..I would give anything to see your smiling face, hold your gorgeous hand, hear your laughter and say i love you and hear it said back to me, but I cant. I love and miss you babysister and I hope you are lookin down on us smiling , knowing that not a single day passes that you arent on my mind....missing you always....Tabby

“ Mandi was always the sweetest girl, she still is in my heart and thoughts and missed terribly. When we were little any time i was ever upset about anything she always gave me a shoulder to cry on or the support I needed. I will never forget that or the example it set for me. I love you sweety always have always will.
