“ I have many memories. I remember my dad sitting there with his guitar and singing songs. He loved melissa and I singing harmony together. I called him everyday ,which will be the hardest part to get use to not calling him. He was a great man. I couldn't ask for a better father. I love you dad. It will never be the same without you.

“ I love you dad. I will miss all the songs we sang. The silly jokes you told. It will be hard not being able to call you everyday. You were my best friend. No matter what you always listened when I needed a friend. You were the best dad a girl could ask for.

“ I will so miss your phone calls and our conversations mostly about our children. You were so proud of yours and mine. You became a very special friend over the many years that we knew each other but especially in the last few. I will miss you Freddie but I am glad that you are finally pain free and at peace.

“ My deepest condolences to all of you. My father passed away at almost the same age, and it just doesn't seem fair. Keep him in your heart forever, and he'll never really be gone.
