“ Judy and I were good friends in school. We shared many happy moments. We would stay overnight at each other's house laughing at the shared memories. She will be missed. Keeping the family in my thoughts

“ So sorry for your loss. Judy was a sweetheart and loved to play regular Canasta and Hand and Foot Canasta card games. We would always try to be partners when we played in the same group. She got me started playing cards with them. I will miss her so much. She is in a better place now and not in pain. RIP Judy, love you girl!

“ Judy was a close friend of mine as we both grew up going to the same school, at Rockvale High. I have so many fond memories of her especially the times she would have a sleep over at our house during the school week. We would stay up all night and talk and fill our bedroom with laughter! I just most recently located Judy as I had looked on Facebook trying to reunite with her. Another dear friend who knew her son contacted him and he told us Judy was in Murfreesboro. I only knew this a few weeks, now she's gone. I mourn her loss but know she is no longer suffering with pain. I cherish those fun years I had with her. Rest In Peace my friend!
