“ To someone that came into my life through my dad. She help me take care of him in his last days she was always there when I called for help. So kind and loving and a great heart. Later as time went on I stayed in touch my dad ask if I could help take care of her I promised I would. So we went Shopping I got somethings she needed then we shopped for shoes and coats that gave her a great smile it was fun. It made her feel happy it was like taking my mother shopping! Lots lots fun. Then we would get something to eat she loved to get out of the house.and go. I think the thing she enjoyed most was when we redid her Traylor painted put new carpet down got new furniture and she just came alive so happy so proud. I will miss the things we did together. Lot lots fun and lots of laughs. Miss you already days want be the same.Peggy Thornton

“ We have said our goodbyes and we no that she will have no more pain. So now we move to the memories and the times we each shared. We will think back to the things we did, sometimes you will laugh sometimes cry. She touched each one of us in some way so the memories we share she will truly be missed. I will truly miss the phone calls and the jokes she would tell me and we both would laugh,how she came up with those I don't know. I took her shopping and one year I took her to a Christmas play and she was like a kid with a big Smile getting her 1st present . I am so glad I was able to do that for her so for now I will remember the memories. Truly we miss her Peggy Thornton

“ Oh, this breaks my heart. Ms, Williams played a big role in my life. She was my daddy's sweetheart. Her love for my daddy kept him around for many more years. When we spent time visiting or talking on the phone we always say each other "I love you". She was a very sweet lady and I will miss her do very much. Being close to Ms. Williams always gave me the feeling that daddy was still around. My prayers and love goes out to her children and grandchildren. Gayle Allman
