“ I have fond memories of the time spent as one of Steve's close confidants in college over 50 years ago. His dry wit made it enjoyable then and I'm sure he has been a positive influence on many since. My condolences to his family.

“ Elaine & family,  
I worked with Steve at TN Dept. of Health, Division of Health Care Facilities, for several years. We surveyed some health facilities together. We would have some great conversations about his passionate topics which were History and Politics and his memorable years as a college student at Martin College in Pulaski TN. Steve was always ready to engage in those topics, especially politics! May he rest in peace as his family and friends cherish the fond memories that they had with him.

“ Elaine, I am so sorry to learn of Steve's passing-- even though he has been in really bad health for a long time. I always enjoyed my conversations with him as he had a lot of interesting information to share.  
Know my thoughts and prayers are with you and your family.  
Love,  
Janelle

“ Elaine, you know Bruce and I are always there to help you through this time, we both have lost spouses. I want to thank you and Steve for the fun times we had at your home playing card games with you and friends. It was such fun with many laughs. We will never forget Steve's special sense of humor nor your great foods that you made for us. Again, thank you and prayers for you at this time. Love from Bruce and Marilyn Rogan
