“ Terry was always good to me when he came to town. I was expecting him for two weeks to come down .We had shared text and said he would be down Friday . I had a bad feeling when he didn't show up. Was about to call him on Wednesday if he didn't come. It was about time for his football schedules to be printed and was looking forward to it . He would always let me get what ever I wanted I wanted and pay him later if I happened not to have the cash that day. Been getting stuff from him for years. Would even text him from time to time when I saw a good opportunity for him to purchase stuff online for cheap to sell in his van.
